"ZERO HOUR" TO BE PRECEDED BY SCOUT PARADE

Southwest District Ranks Fifth Among City Divisions

In uniform and with banners flying, 2,000 Boy Scouts will parade through the Southwest district the afternoon of Saturday, March 29, just preceding the "zero hour" when, through the efforts of a large corps of workers, it is expected to raise the balance of the $15,000 that is Southwest district's quota in the city-wide campaign to finance Scout work in 1924.

Forming at 79th and Green sts. at 3 o'clock in the afternoon, the boys will march up Halsted st. to 63rd, thence west to Ashland ave., where they will disband.

Heading the parade, and at intervals in the line of march, will be the Auburn Park Lions Boys' band, and Boy Scout bands. Efforts are being made to secure the Lindblom, Englewood and Parker bands for the occasion as well. There will be floats, the exact nature of which has not yet been announced.

The highly developed organization for securing funds in the Boy Scout drive in the Southwest district received favorable comment from leaders in Scout work at a meeting of the executive council at the Hamilton Club Thursday evening.

The plan of the organization was explained to the council by Thomas Whitehead, one of the twenty-six business men in the district who have accepted the responsibility of captaining the Boy Scout drive workers among the various firms, associations and clubs in the district. At the close of his talk Howard F. Gillette, president of the council, and LeRoy T. Steward, Scout commissioner, both expressed their faith in the ability of the Southwest district to reach their quota of $15,000.

Barrett Wendell, jr., chairman of the financial committee of the Chicago council, read the standings of the various districts in the drive.

"The South Shore district with a total of $11,472.42 leads the outlying districts in the amount of money collected," Mr. Wendell said in his report, "and Southwest district is fifth in the standing with $5,494.97. South Shore's quota is $25,000 but although they have obtained the greatest amount of money they have not collected as great a percentage of their quota as the West Side district have."

TO TRAIN LEADERS FOR SCOUT WORK

Intensive training for Boy Scout leaders was discussed in detail, and plans were made Monday night at the Hamilton Park Field house by the assistant deputy Scout commissioners for the scoutmasters' training corps program.

W. Melille will be in charge of first aid instructions, and P. R. Lyons will teach semaphore signaling. Reid Bennett, assistant commissioner of the Southwest district, is also to assist in the training corps work, the program of which is to be under the general supervision of A. Kellogg, of the Southwest district.

Applications for work in the class should be forwarded to the district scout office. Participation in the training is free of charge.

BOYS' CLUB FOUR LAUNCHES BIG NEW MEMBERSHIP DRIVE

FREE CAMP TRIP FOR BOY WHO HELPS MOST TOWARD 600 GOAL

At a great get-together rally held in the clubhouse at 6404 Hermitage ave., on Monday night, Boys' Club No. 4 launched a drive to increase their numbers from 375 to 600. This club is a unit of a citywide organization which is entirely supported by voluntary contributions, and is designed to afford boys between 7 and 19 a chance to use their playtime hours to good advantage.

There were 250 boys present at the gathering and the club house was packed. For the first hour the guests were entertained reviewing gymnastic drills of their hosts. Then all joined in a raid upon five crates of oranges shipped from Florida by a supporter of the club. During the orange festival manager N. H. BANDITS PUT MARKET OWNER INTO ICEBOX

Jacobeit Robbed of $250; Other Holdups During Week

Two bandits who forced Franz Jacobeit, into the icebox of his meat market at 5636 Ashland ave., early Tuesday afternoon robbed the cash register of $250 and made their escape.

Jacobeit was alone in the store at the time the robbers entered. One of the pair carried a blue steel revolver and threatening to shoot, he forced Jacobeit into the icebox and commanded him to stay there until they had made their getaway. As they were about to leave the store a customer, Mrs. Anna Garling, 5636 Justine st., entered but they made no attempt to rob her. Jacobeit was able to give the police only partial descriptions of the men.

Unsuccessful in forcing Charles Jurgenson, 5512 Justine st., to open the safe in the gas station at 6351 W. Garfield blvd., where he is manager, three bandits who held up the place Wednesday night of last week kidnaped him and a customer and after robbing them, threw them out of the car.

Jurgenson was alone at the time the bandit car drove up and two of the men stepped out of the car and at the point of guns forced him into the station. Threatening to shoot, they forced him to work out the combination of the safe.

The safe contained nothing but Jurgenson was so nervous that he was unable to open it. While he was at work James O'Laughlin, 1807 Garfield blvd., drove up to secure gas. One of the bandits left the station and herded O'Laughlin in with Jurgenson.

Fearful that their actions might arouse the suspicion of passersby the bandits forced the men to get into the car. The machine was driven to 57th st., between Justine and Loomis sts., and after Jurgenson was robbed of $15 and O'Laughlin lost $4, the bandits put them out and drove off.

The filling station is owned by J. T. O'Rourke, 1551 W. Garfield blvd.

Five bandits who forced Walter Fitzmorris, 6146 Kimbark ave., to get in their car at 69th and Peoria sts., Sunday morning drove him to 73rd and Morgan sts., robbed him of $12 and a ring, then forced him out of the car.

INSPECT SITE FOR PROPOSED POLICE STATION

Two Stories at Kedzie and 62nd Considered; Expect Action Soon

A police station for the western section of the present Englewood police district was practically assured Tuesday when Chief of Police Morgan A. Collins voiced favorable opinion on the proposition of leasing two stores on Kedzie ave. near 62nd st. as temporary headquarters for the branch station.

Figures on the rental of the stores were presented to Chief Collins by Alderman Thomas F. Byrne of the 15th ward and Capt. Michael Lee of the Englewood station, acting for the improvement associations of the Marquette Manor and Chicago Lawn communities which have advocated more adequate police protection for their districts.

Chief Collins promised to take the proposal of renting the stores before the finance committee at their next meeting and indications are that no objection will be met in obtaining an appropriation to rent and furnish the stores, according to Alderman Byrne. The stores will be used temporarily pending the erection of a station house.

According to the plans presented to Chief Collins, the substation will be commanded by a lieutenant and although at the time of introducing the proposition no action was taken in regard to increasing the force, Alderman Byrne stated that ten more patrolmen would be requested.

Captain Lee favors the proposition of having a sub-station as he stated to Chief Collins that he had difficulty in giving the western section of the district proper protection because it is located at such a great distance from the present station on Wentworth ave., at the extreme eastern end of the district.

SUPPLIANT FOR AID GIVES FAKE ADDRESS

When the Rev. L. W. Alny, 6203 Whipple st., pastor of Marquette Park Presbyterian church, answered a ring of his back door bell last Friday he found there a woman asking aid.

She said her name was Mrs. Albert Benny and her address, 3111 S. Wentworth ave.

Mr. Alny promised that her case would be looked into and telephoned the United Charities. When an investigator was sent to the address it was found to be the location of the new Illinois theater.

"I found afterward," said Mr. Alny, "that the same woman told other occupants of our building that she lived at 59th and Western. The instance goes to prove that people should investigate all requests for charity that come to them."

MRS. BAKER GIVES SECOND SCOUT TROPHY

Baker, 5651 Peoria st., a well known member of the Englewood Woman's club, has recently donated a silver loving cup to the Boy Scouts of the Southwest district to be known as the Baker Challenge cup, which will be awarded at the Scouts' field day in June to the troop which secures the largest number of points in the athletic events.

During the week, 5,000 circulars were distributed in West Englewood announcing the meeting which is of importance to that vicinity owing to the fact that John Sloane, president of the Chicago board of local improvements, will be the speaker.

His topic will have to do with the proposed widening of Ashland ave., and other improvements by which West Englewood will benefit.

The place of meeting has been changed from the Drexel Park Presbyterian church to the Earle school, 61st st. and Hermitage ave. The talk will begin at 8 o'clock.

Frank Nickels, 6027 Wood st., the driver of the car that struck and killed Thomas Bogtanick, 11 years old, 5945 Honore st., at 63rd and Wood sts., late Monday afternoon was exonerated from all criminal responsibility and ordered released from police custody by the coroner's jury at the inquest held Tuesday at Reilly's undertaking establishment, 1716 W. 63rd st.

Testimony of the witness showed that the boy was running across the street and had stepped directly in the path of the machine. Nickels attempted to avoid the accident by swerving the car and applying the brakes, but the car skidded on the slippery pavement, swung around and hit the boy.

The child was taken to the German Deaconess hospital by Charles Whelan, 1801 W. 63rd st., and there the hospital authorities pronounced him dead.

Although an inspection on the brakes on the car driven by Nickels, which was owned by Mrs. Thomas McCauley, 6023 Wood st., showed them to be in good condition, Nickels was taken into custody by the police.

AUTO AND GIRL ARE STOLEN BY FOUR BANDITS

Holdup Men Fire on Car; Force Occupants to Yield Valuables

Bullets fired by four bandits, one of them a girl disguised as a man, pierced the rear end of the automobile owned by Roy Love, 26, son of Mr. and Mrs. Jacob Love, 1642 W. 69th st., who with three other friends was held up late Saturday night on a lonely road. A young woman in the party was then kidnaped by the hold-up men, who sped away in Roy Love's car.

He and his friends, Miss Dolly King, 3903 Ellis ave., and Mr. and Mrs. Peter Spirato, 6737 Hermitage ave., were driving on 95th st. near the Black Bear farm when approached by the bandits who fired upon the machine, compelling them to stop. Each member of Love's party was relieved of a few dollars. He was robbed of a gold watch and chain, a purse containing a check and private papers, and about $130, according to his father, who maintains a shoe shop on W. 69th st.

Mrs. Spirato, who has been in ill health, pleaded with the men to be left with her husband who had been beaten by the thieves when he resisted them after being asked to hand over his valuables. Miss King, forced to remain in the auto, was driven away from her friends screaming. The robbers permitted her to leave the commandeered machine at the first car crossing, however. She was unharmed by them.

Meanwhile Mr. and Mrs. Spirato and Mr. Love trudged along the prairie to Argo in search of help. After a long walk they hailed a car along the road and explained their plight. They were taken to a farm house from which they notified the detective bureau of the hold up.

Search for the bandits was made by the detectives at once. Love's car was found abandoned at 71st and Rockwell sts. He had asked the kidnapers to mail him his pocketbook sometime as it contained his chauffeur's license. He is employed by the General Commerce firm as a driver. The bandits left his pocketbook in the machine. A check for a small sum of money was still in it. He told the police he would be able to identify the bandits if he saw them again. The three men wore dark overcoats and seemed to be youths.

WEST ENGLEWOOD LIONS PROMISE SCOUTS AID

An hour's work in securing pledges for the Boy Scout drive for funds was promised by a number of the members of the West Englewood Lions club at their meeting Thursday after the Rev. J. H. De Lacy had made an appeal for aid in the raising of the money to carry on Scout work.

"The great leaders of our country, regardless of their religious faiths, are united in their praise of Scout work," Mr. De Lacy said. "Judge Arnold at one time stated that if we had fifty thousand Boy Scouts in Chicago the juvenile court would be put out of business, and it is generally conceded that the way to make good citizens for our country is to begin with the boys.

"There are only 1,500 Boy Scouts in the Southwest district and there should be 5,000. The Southwest district has never been able to raise its quota in the annual drive for funds and much of the work we carry on here is done by grace of charity of other districts. We are 'going over the top' during the 'zero hour' Saturday, March 29, and we need your assistance."

Scout John Clark of Troop 610 read a message from the Scout organization asking for the help of the club in the drive.

By a vote of thirty to three the club decided to change the dues to a yearly basis which will include meals. It is believed that this change will tend to bring out a larger and more consistent attendance at the meetings.

President Peak announced that the monuments erected at the graves of the parents of Abraham Lincoln by the Lions club of the state would be unveiled at Janesville, Ill., May 16 and a large delegation to go to the downstate city was desired.

LARGE NUMBER AT DENEEN BANQUET

Eight hundred fifty were served at the banquet, there were over 1,000 in the hall, and it was estimated that between 250 and 350 were turned away at the door when, Wednesday evening, March 12, the South Side Business Men's club gave a testimonial banquet to Charles S. Deneen at the South Side Masonic temple.

William G. Tegtmeier, president of the club, presided as chairman and Mr. Deneen was introduced by Harry M. Englestein. The latter quoted Judge Michael Mckinlay as saying, at the recent Garrick theater mass meeting, that Mr. Deneen was the "best state's attorney Cook County has ever had."

Other speakers at the affair included Edward Litzinger, Judge Harry Olson, Judge George B. Holmes, Judge Frank P. Sadler, and Harry Mapp.

Making Herself Clear

An Indian paper furnishes us with a recent specimen of "English as she is wrote." It is copy of a letter sent by a lady teacher to the Director of Education, Manila, and reads: "Dear Sir, I have the honor to resignate as my works are many and my salary are few. Besides which my supervising teach males any loving to me to which I only reply 'Oh not, Oh not'."—Very respectfully, Josefina."—Manila Bulletin.

Dangerous Handicap

Tommy had sprained his wrist and didn't want to go to school.

"But your wrist is nicely bandaged," urged his mother. "It won't prevent you from attending classes."

Still the boy held back. Dad took a hand at this point.

"Now speak up, son," commanded his father. "Let's have the real reason. Why don't you want to go school with a sprained wrist?"

"Too many boys owe me a licking."—Louisville Courier-Journal.

The Southtown Economist is published in three editions. The West Edition delivered every Thursday, carries the news of West Englewood, Ogden and Sherman Parks, Englewood-on-the-Hill, Marquette Manor, Marquette Park and Chicago Lawn.

The columns of the Economist are for the use of its readers. Personals, social and organization news, church notices, etc., if bearing name, address and phone of sender, will be published free of charge. Copy must reach the office not later than noon Wednesdays.

To those not in the distribution territory and unable to call at the office, the Economist will be mailed for $1.50 per year.

If any man can convince me and bring home to me that I do not think or act aright, gladly will I change; for I search after truth, by which man never yet was hurmed. But he is harmed who abideth on still in his deception and ignorance.

Marcus Aurelius.

A COMMUNITY CHALLENGE

On the front page this week the Southtown Economist reprints, because of its peculiar significance at this time, a cartoon which appeared some time ago in the Daily News. In the lifetime of every boy there comes occasional divisions in the way, when there is confusion as to just which road would prove the best for travel. Certain associations, so easy for the city boy to form, lead to bad habits, unlawfulness, and disease. On the other hand, there is the program of right living, clear thinking, and clean manhood for which the Boy Scout movement stands. The individual boy will, in most cases, choose the road down which he sees the most companions. The tendency is the result of the "gang" instinct, that will not be denied.

The Southwest Scout district is now engaged in a campaign to raise $15,000, an amount which will make it possible to extend the benefits of Scouting to a larger number of boys than they have ever been offered to here before. The campaign constitutes a community challenge for the popularization of the road that leads to decency and right living for the boy—your boy and the son of your neighbor or friend.

The campaign committee is seeking to enlist the active cooperation of a vast army of men to serve during the "zero hour" from 5:30 to 6:30 o'clock the evening of March 29. You should be in the group, helping to extend Scouting to every boy in Southwest district.

PROBLEM OF THING

When a postal employee is accused or convicted of stealing $20,000 or a lesser sum from the valuables entrusted to him, as occurred in Chicago the other day, the newspapers put the story on the front page, whereas larger thefts made by others are "played up" less prominently. There is a certain class of humanity that lives by preying upon its fellows; we know this to be true, and are not surprised when an underworld character robs or burglarizes. But when a man entrusted with all we give into the hands of postal employee betrays that trust it is a different matter.

John Pizckwas, the postal clerk who confessed to a $20,000 diamond mail robbery, said he committed the crime because he was deeply in debt. The same thing was said by a colored mail carrier in our own district who was recently apprehended in dishonest practises.

It is bad business to live beyond ones means, yet it may be it is difficult, under some circumstances, to live within the means at the disposal of postal employees. Postal clerks start at a salary of $1,400 per year and the maximum is $2,000; letter carriers are paid from $1,400 to $1,800. Make comparisons with what is being earned by employees in similarly skilled branches of private industry. The support of a family, in any sort of comfort and decency under present costs of food, shelter, and clothing, must indeed be difficult.

Ill fed, shabbily clothed, poorly housed and underpaid government employees will not render efficient service nor reflect, through their general appearance and attitudes, credit on the United States. There is legislation pending for increases in pay for both postal clerks and letter carriers. The bill regarding the former is known as "H. R. 5552" and that for relief of the postman as "H. R. 4123." The postal employees are asking the sympathy and support of the people to help them secure more adequate pay. Their requests are no more than reasonable.

FRAUDULENT BEGGARS

By the Rev. L. W. Argo, Pastor of Marquette Park Presbyterian Church

"Gimme a dime to get some coffee, mister." There is hardly a man who has not been approached by someone with this request. Frequently in the loop, elsewhere on the streets, or on surface cars. Our wives are also appealed to day after day at the back door. Most of these beggars are frauds. They make a business of appealing to the pity of well-meaning people. The charitable organizations warn us against giving to them.

The latest scheme to get our money is to pose as an "ex-service man." And it works, especially in surface cars. But there are other schemes: The legless man who owned his limousine and chauffeur is one; and the blind man and wife who parked their new Oakland a block away from their begging stand, ready to drive away in it at night, is another. Only last week an elderly woman appealed at a home on the south side, saying that her husband was dead, she couldn't get a widow's pension for seven months, and her five children had nothing to eat. She gave the name Mrs. Albert Renny, Belgian, 3114 S. Wentworth. Before aid was given she was investigated, and the Wentworth avenue address found to be a moving picture house. In the same apartment this woman also gave her address as 59th and Western, it was later learned.

It is a detestable crime for such frauds to work upon the feelings of well-meaning people. They can be stopped by a simple rule that is surer than having them arrested. That is, investigate every case before you give them a cent. If you can't investigate, turn them over to charitable organizations that are business-like in helping the needy. They weed out all the frauds, and when help is given it is given to those who really need.

The next time you are appealed to, simply go to the classified phone directory, look up under "Charity Organizations," take the name and address of the person who has asked help, and phone it to the United Charities, Associated Catholic Charities, Central Bureau of Jewish Charities, or the Chicago Christian Industrial league.

Then sit down and write a check to one of these charity organizations and you will be sure that your money is used to help someone who really needs. And you will also help put a stop to fraudulent begging.

The Dream Home

We all have dreams of magnificent residences, with oriental rugs, grand pianos and expensive furniture with servants and cars galore. These dreams are seldom realized except by some strange freak of fate, unless you follow the plan of every other successful home owner. Regardless of your future ambitions regarding a home, the wisest thing you can do now is to get into the best home you can afford and stay there until your equity in it has increased to such an extent that you can buy a better place. "Learn to crawl before you walk"—successful ownership of increasingly desirable homes will gradually bring a realization of your DREAM much quicker than waiting and wasting money for high rents.

An Expression of Thanks

It was indeed gratifying to see the large number of people who turned out to visit our store on opening day. It was a great pleasure to see the enthusiasm with which our customers greeted our new store. We wish to thank every person who came out for our grand opening.

Furthermore, we extend a hearty invitation to anyone who has not yet seen our new home to come in anytime and inspect it from top to bottom. You will be most welcome whether you wish to buy or not. You will not be urged to buy if you come. Just make it a friendly visit.

Many persons in the neighborhood sent flowers for the grand opening. In fact our store looked as much like a floral shop as it did a furniture store. All we can say is thanks and best wishes to our leaders. Success to you as you have wished it to us.

Spring is knocking at the door and Easter is close on her footsteps.

With that thought in mind I suggest that you place your order for a spring suit or overcoat now. There are many reasons for this. First, by ordering now you take advantage of special reductions now in force which will be withdrawn when the rush comes. Then, too, more attention can be paid to satisfying your desires now than during the rush season.

I can make suits to fit your pocket book. I can save you from **$10** to **$15** on each suit, besides producing a real custom made suit, instead of the regular hand-me-down store suit. Come in, look at my woolens and let me prove to you that it pays to trade with me for real values.

Please take notice—all garments are positively hand made. Won't you let me serve you?

Gentlemen:—I take pleasure in congratulating you on the value of an adv. in your paper as I have had experience with advertising in both the city dailies without results. The ad. placed in your paper sold our property within 24 hours after distribution, and while we get the price we asked for the property we are very sorry to have to leave the neighborhood, where we have lived for past 23 years, and seen this vicinity grow to a prosperous part of our great city. Many a time I came home with wet feet after wading through water between 79th and 80th. In those days the frogs used to tell us it was only knee deep, but once I stepped off the wooden sidewalk and found it up to my waist. But Gresham has changed. I think it one of the finest suburbs of the city. And anyone looking for a home where peace, quietness and the best of neighbors abound should look up Gresham first

Mr. and Mrs. Geo. McCarrell.

WELL KNOWN ATTORNEY AGAIN CANDIDATE FOR LEGISLATURE

David I. Swanson, energetic and efficient Republican representative from the 11th district, has won wide approval by his services in the General Assembly and is a candidate for re-nomination at the Primary on April 8, 1924.

He has stood four square on matters of honesty, efficiency and economy in state government. His creed

David I. Swanson

has been a square deal and a sympathetic and considerate attitude toward the toiler and an equal opportunity for all.

In public and private life, Mr. Swanson has lived up to his creed. One is immediately impressed by his sincerity and there is nothing that savors of conceit in his make-up.

Born in the district, he has lived in it all his life. He has been actively engaged for some years in the practice of law. He made his spurs in the legal profession through his own efforts, having pursued his studies in evening schools after his day's work was done.

He is a member of the law firm of Erickson, Powell and Swanson having offices at 10 S. La Salle st., and also a local office at 5903 S. Halsted st.

He is a member of the Englewood Business Men's association, being chairman of its legislative committee. He made a very excellent record as a first termer in the recent session at Springfield, and in the recent official publication of the Legislative Voters' league of the state of Illinois he is spoken of as follows: "Ending his first term. An industrious and capable member; gave close attention to business and made a thoroughly good record."

While in the legislature he held several important committee assignments, including civil service, congressional apportionment, military affairs, judicial department and practice, judiciary, municipalities and special committee on investigation of expenditure of appropriations. He is also commended for his fair attitude toward labor questions.

Mr. Swanson was fair in his attitude toward labor and commercial interests. He believes that labor and capital both have their proper place in the economic life of the nation and that the abuse of either will seriously affect the prosperity and welfare of the country.

He responded to the colors in the recent conflict, though he served for a very short time. He is a member of the following organizations: Englewood Business Men's association, Chicago and State Bar associations, Englewood Kiwanis club, Englewood Lions club, John Ericson Lodge No. 361, I. O. O. F., Compass Masonic lodge No. 922, A. F. & A. M., Normal Park Chapter No. 210, R. A. M., Woodlawn Council No. 92, R. & S. M., Englewood Commandery No. 59 K. T., Medinah Shrine, Vikings, and is also a member of Englewood Baptist church Bible class.

Recognized by those who know him as a young man of earnest purposes and unblemished character, Mr. Swanson is eminently fitted by ability and experience to serve the people of the 11th district in this important position and should be re-nominated and re-elected.—Adv.

DAUGHTERS OF JACOB CALL MASS MEET

Daughters of Jacob, who are engaged in a drive to finance the new home for the South Side Day and Night nursery, recently purchased at 6101 Peoria st., have announced a mass meeting to be held at 8 o'clock Monday evening, March 24, at the home, in the interests of the drive.

Speakers will be Grand Master Samuel Epstein, Rabbi B. A. Peskal, and Attorney Bernard Epstein. Friends of the movement, as well as members of the organization, have been urged to attend.

A card party to benefit the home will be held at 6101 Peoria st., Tuesday afternoon, March 25. There will be prizes and refreshments.

SADLER ALIGNED WITH SMALL GROUP

In our senatorial and congressional contests we have the same issue as in the county and state. Under no circumstances should we choose a representative aligned with Small. Two Republican representatives should successful next fall rather than one Republican and two Democrats. David I. Swanson is sure to be re-elected. In order that the other Republican candidate may also be anti-Small, all voters interested in our organization, are requested to vote for Walter R. Miller, only, and in that way give him three votes, thereby nominating two anti-Small candidates.

If you oppose Small, you must oppose Sadler. Two years ago, when Small was not even a candidate, Sadler was, as he is now, a candidate for Congress. In all his campaign literature and in all his speeches he denounced Governor Small in the most vicious language. He, himself, and the newspapers, were repeatedly emphasizing his courage in fighting Small and yet Small was not a candidate.

Why such ominous silence at this time when Small is a candidate for re-election? Over two million dollars in interest on various loans were paid by the packers, while Small

Frank Gage, President 18th Ward Republican Club

was state treasurer and the state got almost none of it. Before Edward E. Miller, a succeeding treasurer, could put an end to these loans, which were without security, the packers paid almost two hundred thousand dollars more in interest and the state got all of it.

If the $2,000,000 belonged to Small, so did the $200,000, because it was interest on the same loans, and yet neither Small nor his friends have made a claim to the $200,000 that is now in the state's treasury.

Why doesn't Sadler mention this? Where is Sadler's courage now. His courage, when most needed, is gone, because he is aligned with Small's organization in support of Small's candidates in return for Small's support of his own candidacy.

On that basis, alone, the voter should re-elect Elliott W. Sproul, who does not change his conduct or his opinions merely because it may be expedient for him to do so.

Meetings every Monday night at 6936 S. Halsted st. Big mass meeting on April 3 at Banner Blue Masonic temple.

If You Are a Realtor, Say So!

By J. Soule Warterfield
Chairman Finance Committee

Approved, Elmer Jordan, Chairman District No. 6, South of 39th St. and West of Halsted St.

Use the word "REALTOR" on your stationery—in all advertising—in all publicity campaigns. It will bring you an additional clientele—hence more money.

The Chicago Real Estate Board is about to tell the people of Chicago, in no uncertain terms, through the public press, of the importance of doing their business with a "REALTOR."

The Kansas City Real Estate Board has already spent $40,000.00 in telling the public of that city the additional protection which it would receive in doing its real estate business with a "REALTOR."

And, if any member of The Chicago Real Estate Board does not himself know the great value of that name in his business, let him be enlightened immediately.

WHAT "REALTOR" MEANS

The term can only be used lawfully in Chicago by a real estate man, who is a member of The Chicago Real Estate Board.

LETTING THE PUBLIC KNOW WHAT IT MEANS

The Chicago Real Estate Board is about to make the public aware that the term means something. That, although its various classes of membership, including Architects, Contractors, Builders, Managers, Property owners, etc., aggregates 5,000 there can only be 1,500 Active Members under its By-Laws—only 1,500 "REALTORS" in Chicago.

The Insignia of a Realtor

As defined in Webster's New International Dictionary, the word "REALTOR" is:
"A real estate broker who is a member of a local board having membership in the National Association of Real Estate Boards, an organization incorporated in 1908 for the advancement of the interests of brokers and the protection of the public from unprincipled agents or brokers."

It will tell the public through the daily press that the title of "REALTOR" is a mark of distinction, and carries with it the same guarantee to the home-seeker that the word "Sterling" does to the purchaser of silverware.

It will tell the public that every member of the Board operates under a strict Code of Ethics, adopted by the local Board and the National Association of Real Estate Boards,—a Code more stringent than any other business or professional organization in the land operates under.

ETHICS AND FRAUD

It will tell the public that The Chicago Real Estate Board disciplines any one of its own members who is found guilty of unethical conduct.

That on occasion the Board has prosecuted, and has been largely instrumental in bringing about the conviction of persons guilty of real estate fraud.

It will tell the public further that certain qualifications are necessary before a dealer in real estate may be designated as a "REALTOR." He must stand the acid test of probity,—his character must be beyond reproach.

ADVANTAGES OF DEALING WITH A "REALTOR"

It will tell the property owners that it is as important to transact business with a "REALTOR" as it is to open up a new account with a Bank which is connected with the Clearing House Association.

It will tell the public that a "REALTOR" keeps tab on the pulse of the City; he is thoroughly familiar with Building Codes and Zoning Restrictions; is accurately informed as to real estate values, and knows the possibilities and futures of properties; that the "REALTOR" is a City Builder, a man of conscience and patriotic purpose.

ST. RITA HIGH OPENS ITS NEW $100,000 GYM

Is Part of Large Building Program; Will Later Add Pool

Formal opening of the $100,000 gymnasium at St. Rita's high school was held Monday with a dance and bunco party given by th alumni. The new building is part of proposed improvements that will more than double the capacity of the school and will provide for a swimming tank.

The gymnasium is directly west of the present school building and is about 100 feet south of 63rd st. The swimming pool will be erected north of, and connecting with, the gymnasium. The school building will be erected on Claremont ave. and will extend within sixty-seven feet of 63rd st. These two buildings will entirely obscure the gymnasium from view and for this reason it was possible to build it of unfinished brick.

The building is 104 feet long and 80 feet wide, and is two stories in height. The playing floor measures 93 by 76 feet, 6 inches, and contains seating accommodations for 2,500 persons. The most modern features in gymnasium construction are incorporated in the structure, the most novel is the provision that allows for the removal of all equipment to a room beneath the balcony.

The lower floor of the building contains 360 lockers and three separate dressing rooms as well as showers.

A modern lighting system is installed on the playing floor which eliminates all glare. Th extreme height of the gymnasium proper is thirty-seven feet and the lowest point of the steel structure is over twenty-two feet above the floor.

Both in seating accommodations and in size the gym rivals the larger public high school gyms and, with the exception of the one at Loyola, is the largest in any parochial institution in the city. Construction was started on the building last June.

Contracts are now being let for the school building which will accommodate five hundred students, increasing the enrollment at the school from 325 to over 800. It will contain sixteen classrooms and two laboratories. The swimming pool will be built later.

SIXTEEN VICTORIES RECORD OF MARINES IN SEASON'S GAMES

TEAM TRIUMPHS OVER W. E. AND RAINBOW DURING THE PAST WEEK

The Marine A. C. ran their list of victories to sixteen by winning a pair of cage games played during the past week. The local boys defeated the West Englewoods 10 to 8, Wednesday, at Boys' Club Four, and won a well played game from the Rainbows, 34 to 18, at Turner hall Saturday.

The Marines were in a weakened condition against the West Englewoods, Capt. J. Miller, Nelson and Herrington being out of the game because of injuries. As a result, the team did not play its usual game, although they won by a conclusive margin.

Owens, used at a guard position, played an aggressive game for the Marines and in addition he tossed a pretty basket from midfloor. Eunson, May and E. Rasmussen were the stars for the losers.

The game with the Rainbows was one of the best played of the season.

The locals were trailing by a score of 16 to 8 at the close of the first half. In the second half the Marines staged a whirlwind rally and ran up twenty-six points while the Rainbows were able to notch but a single goal.

E. Miller featured, tossing ten baskets and playing a fast floor game. A. Rauch and Hibbett were the mainstays of the losers.

PROSPECTS POOR FOR LINDBLOM'S BASEBALL TEAM

Coach Farmer Has Only Three Veterans Back for This Year's Nine

Coach John Farmer faces a difficult task in building the baseball team to represent Lindblom high school in the prep race this year. Only three veterans of last year's squad reported for practice when the team was called out two weeks ago and the two pitchers with experience that the coach was depending upon to form the nucleus for the squad of hurlers are ineligible because of poor standing in their studies.

The three veterans who are out bidding for places on the nine are Francis Cooper, the regular third baseman of the 1923 team, Fred Wahlen, an outfielder, and Charles Smejkal, sub second baseman from last year, who is trying to land the short stop's berth.

Edward Sistecki and John McLean are the two hurlers whose inability to play will probably be a handicap that will have to be overcome. Sistecki has been on the squad for three years and although he never played regularly, Coach Farmer was always grooming him with a view of some time making him the first string pitcher. McLean had experience last year at several times and he showed that he had the ability to twirl in good form.

Ninety candidates turned out when practice started and already this squad has been cut down to twenty-five boys.

The inclement weather has prevented any outdoor practice but in the confines of the gym the aspirants have had a chance to show their ability at bat in the batting cage and the fielders have been given practice in fungo batting. This practice has not been sufficient to make it possible to tell how the team will line up but it has been enough to give an insight into the ability of the candidates' form in handling the ball.

The limited space does not handicap the pitchers as greatly as it does the aspirants for the other positions and they have had a chance to get good workouts. Those who have shown the most promise and are the most likely prospects are Bruggeman, a southpaw, and Eunson and Beihl, righthanders.

For the post behind the bat Joe Matiev is the most likely candidate.

Because of the lack of experienced material, the hopes of Lindblomites for the success of the team are none too high but they aim to make the team feared in its own division.

Rather than have the boys discouraged by early season defeats because they have not had sufficient outdoor practice, Coach Farmer has not scheduled any practice games except one at Lake Forest, which will be played after the Chicago high school league opens. However, he has made preliminary arrangements with Calumet, Parker and Morgan Park to stage games as soon as he has his team in proper shape. In the meanwhile the boys are anxiously waiting for favorable weather to allow them to practice outdoors.

NORMAL CAGERS LOSE TO CRANE COLLEGE

Crane college basketeers won the championship in the Northern Illinois Junior conference race Friday by inverting the Normal Arts gym and registering their eighth straight win of the season over the Normal college team by a 34 to 24 count. The game was marked by rough play on both sides, Crane committing seventeen personals while Normal was charged with thirteen.

Though Crane was in the lead at all stages of the game, the lighter Normal boys playing their last home game put up a wonderful fight. During the first half Crane used a concerted offensive attack which forced the Normals to resort to a purely defensive game. Epstein, with four baskets, and Eorber, with one ringer and four free throws, were principally responsible for Crane's topheavy lead of 20 to 8 at the half.

Out of the Rough

By Fred S. Clisbee

Article 8

You are now at the top of the up swing as shown in last week's article with the shaft of the club in a horizontal position and the club head pointing directly at the place you intend the ball to go.

If you have kept you head even with the ball during your up swing and pivoted correctly you will be looking at the ball over the left shoulder. The right leg is straight, with the weight mostly on the inner side of the foot, the left knee bent, and pointing toward the ball with a slight bearing of weight on the big toe. If the left heel leaves the ground during the course of the up swing it is all right. However, I would not make a point of it.

The down stroke, or hit, of the ball gives the player the most trouble. There is a natural tendency to do just the opposite of what is required to make long clean hit straight shot. It is difficult to write or describe this part of the swing in a way that will make it entirely clear, but I will do my best.

We will go back to the position at the top of swing as described. The arms have, in carrying the club to the starting point of the swing, literally wound you up and the body feels like a wound up spring ready to go the moment the check is released. Your greatest difficulty will be holding the body in check until the right time for it to come into the hit. However, if you concentrate on this part you will find it functioning properly.

First, look at the ball or the spot you are hitting to and draw an imaginary line from it to the handle of the shaft which you are holding. This line, from the hands to the ball, runs down and away from the hands on an oblique angle. Fix this oblique plane in your mind and slowly carry the hands down on it with the intention of tracing not only to the ball but through it. The body in every particular is held in position while the hands are carrying on this line. Let the left arm do the guiding as it is drawn down, let the right elbow straighten, and the wrists unlimber.

As the hands are carried further on this line the right shoulder is pulled into play and follows. The right knee lowers and the left knee straightens, allowing the club head to complete the arch.

The thing to strive for is to hold the body in position without tenseness until the hands, swinging on this imaginary line, reach the limit and pull the body out of this "wound up" position smoothly.

Next week's article will give you some helpful tips on speeding the club through.

LOSS IN A. A. U. MEET ENDS OWLS CAGE SEASON

Chicago Reds Put Locals Out in Third Round of Tourney

Thoburn Owls ended their cage season Thursday night when they were defeated 25 to 20 by the Chicago Reds in the third round of the A. A. U. cage meet at the Broadway armory.

From the outset Thoburn trailed by a slight margin until a minute before the close of the game. The Reds had a lead of 9 to 8 at the end of the first period and increased their lead to four points at half time. Thoburn crept back up in third quarter and were behind, 18 to 20, when the final session opened. The locals tied the score at 20 all but the Reds staged a comeback and forged ahead while Thoburn was held scoreless.

Bach, with five baskets, took the scoring honors and was the mainstay in the victor's offensive play. Burke led the locals and featured with his unerring ability to drop the ball through the hoop off the backboard.

Thoburn worked their way to the third round in the tournament by trimming the Clarwyn A. C. quintet, 27 to 21, Wednesday.

Rose led the attack for the Owls, sinking five baskets from the court to share the scoring honors with Fuller of the Clarwyns. Excepting at the half when the Clarwyns were ahead 12 to 11, Thoburn was in the lead all the way through the game.

Are You Living or Just Merely Existing?

We thought we were living, George and I.
Of food we had our fill.
Our clothes were new; our income grew.
We paid up every bill.
We thought we were living, George and I,
Because we had a car,
We chased around and did the town,
And saw the opera star.
We thought we were living, George and I,
But soon we wrecked our dreams.
It wasn't so—for now we know
What living really means.
And now we are living, George and I,
With a flat no more as our home,
We've flowers and garden, and a clear blue sky,
And a little home of our own.
AND WE BUILT THIS LITTLE HOME OUT OF SCHENK LUMBER.

Living is being able to do the things you want to do.

Existing is having to regulate your life at home as well as elsewhere to conform with the wishes of others.

As long as you live in a flat you will not be free. You will not be able to do this or that, because it will interfere with this tenant or that tenant.

A home of your own will make you free. You can do as you please—you can do the things you want to do.

OUR BUILDING MATERIALS ARE GUARANTEED AND YOUR WANTS WILL RECEIVE PROMPT AND COURTEOUS ATTENTION.
